It was well attended and greatly enjoyed. It was surprising to see how these blind folks acquitted themselves, and it should be a valuable lesson to those who claim that ill fortune have always attended them to see how these people are making an honest and legitimate living. There is no excuse for well people to be without employment, and were they half as energetic as these blind folks, there would be nobody left in town to loaf in business houses and public places.

MEMBER OF
KENTUCKY PRESS ASSOCIATION

If a Congressman chose to put his frank on a white elephant and send it through the mails he could get the animal through if the mail cars would hold him.

Not long ago an Eastern magazine investigated the record of a certain Congressman and found that for many years he had been sending annually through the mails the weight equivalent of many elephants. In fact he was making Uncle Sam carry a whole menagerie of animals.

The franking privilege is one that Congressmen should retain, providing they do not abuse it. It is abused when partisan speeches, frankly intended as campaign material, are dispatched far and wide under the frank, as was done previous to the last Presidential election.

The free use of the mails was given to enable members of House or Senate to keep their constituents informed as to what they were doing in Washington, to provide for the circulation of public documents likely to prove of educational value and to distribute the things which the Department of Agriculture offers to the public. Much fun is poked at the seed distribution, but the fact is that, so long as seeds are given away by the government for the purpose of encouraging the growing of certain plants, vegetables and grain, distribution through the Congressmen is the one logical way of seeing that each district gets its share.

It is apparent, though, that with the abuses of the frank which have been noted, the people have the right to put a reasonable limit on the use of the mails. It must not be forgotten that in the end the public pays the bill. Just how much of a factor the frank has been in the deficits of previous years is a question which must remain unanswered for lack of statistics on the subject.

It is now proposed to give each Congressman a specific quantity of special stamps, on the exhaustion of which we will have to pay postage. This should conserve reasonable use of the mails and at the same time prevent abuse of the privilege.

OVER THE STATE

Somerset.—The election held in McCreary county November 4 to decide the location of the county seat, and which was won by Whitley City by 200 votes, has been contested by the adherents of Pine Knot. It is charged that in ten precincts votes cast for Pine Knot were counted for Whitley City; several voting places were kept open until after 4 o'clock, and that whisky and money were used to influence votes, and that the order calling for the election was illegal.

Richmond.—Deputy Marshal J. A. Coleman brought twenty alleged bootleggers from Danville and Pulaski county to stand trial in the Federal Court, which convened here Monday. There are about thirty others, from various places, charged with illicit whiskey selling and making. The most important case to come up is that of Frank Burge, charged with obscene mail. There are about thirty-five witnesses in this case. His home is near Danville.

Franklin.—The largest County Court crowd assembled in years was here Monday. One hundred and forty mules were sold to buyers from four States for \$14.750. Two carloads of dressed turkeys were shipped East.

Whitesburg.—Nannie Humphreys for years famous as an Eastern Kentucky female moonshiner, was arrested in Still Camp Monday. She has served three prison sentences.

Carlisle.—The turkey pens will close here to day, for the Thanksgiving market, 5,000 dressed birds having been shipped to Boston, Mass. About \$10,000 was paid out for turkeys in Nicholas county.

Paducah.—Officer Jones, Market master, has resigned, saying he did not care to serve longer under the present Board of Public Works. His resignation takes effect December 1, 1913.

Lancaster.—Former State Representative S. D. Cochran, of this city, bought the 216-acre farm of the late W. S. Walker, near Point Leavell, Garrard county, at \$100 an acre, possession to be given on January 1.

Carlisle.—Petitions are being signed here asking the City Council to enact an ordinance prohibiting barber shops from opening on Sunday. The plan is approved by some of the barbers themselves.

Winchester.—Mrs. Georgia Moss was called today to Bowling Green by the critical illness of her sister, Miss Natalie Deneale. She was joined in Louisville by her sister, Mrs. Caroline Huggins.

Bowling Green.—Landon S. McGinnis, of this city, has been appointed private secretary to Judge W. E. Settle, of the Court of appeals in Frankfort. He will assume his duties the first of January.

Carlisle.—While killing hogs near Mt. Moriah, this county, Jack King, a farmer, was accidentally shot, the bullet entering the left corner of his mouth and lodging in his neck. Mr. King will recover.

Winchester.—Former Coroner I. Brinegar is suffering with smallpox. The Witherspoon school was closed Tuesday to prevent the spread of the disease.

Somerset.—Bruce Jarboe, aged seventeen years, son of Gen. Forman, of the Columbia Singletree Company, was instantly killed Monday morning when his clothing became entangled in a line shaft at the factory and he was hurled against the rafters overhead. His skull was crushed and his body badly torn.

BEREA AND GOOD ROADS

In response to the call of Governor McCreary, the students of Berea College, Berea, Kentucky, turned out in full force on October 28 to work the roads.

The normal, the college and the vocational departments, with their deans and other faculty members worked with a will. Many of these students are not Kentuckians, but they went anyway. Owing to the impossibility of providing tools enough for all the students, the academy and foundation schools did not work, but are planning to do so at an early date.

The young women of the normal department walked out to the scene of activities and served dinner for the young men of their department. They afterward joined in the roadmaking and added spice in the way of songs and good cheer to the shovelling and plowing.

A King split-log drag was made with the help of the students, and its efficiency as a dirt roadmaker was demonstrated in the presence of the students and citizens who joined in the labor of the day.—Southern Good Roads, Lexington, N. C.

William Sulzer yesterday filed an affidavit of expenditures, amounting to \$200, as a candidate for the Assembly in the Sixth Assembly district.

Methods of dealings with white slavery were considered yesterday by the International Purify Congress, Clifford G. Roe, of Chicago, making the principal address.

THEY PREFER OURS

No Wonder, Simple as A B C. Ours Cost Less Ours Wear Better They Have More Style

It's about as difficult to describe these new clothes as to write about the prettiest girl at a Leap Year Party. You've got to see her with your own eyes. Maybe you'll like her—if you don't there are others. So, if one suit doesn't please you, we've another. It's a question of taste. Prices? That lies with you. The better the clothes you buy, the longer they last and the better they look while you're wearing them. But everyone prefers ours. They are best.

One of Mt. Vernon's additions of which we should be proud, is the new exchange building, a handsome two story structure. The new switch board has arrived which is one of the latest out and when the new service is put in operation we will have telephone service that will be second to none.

W. M. Bullock, the Hansford merchant on Monday last shipped F. Jelke & Co., Cincinnati commission merchants, 550 rabbits, for which he paid 15cts, making a total value of \$82.50. This was by far the largest shipment of rabbits ever made from the county. Mareburg the rabbit town, not excepted.

Rant Ballard, who has been held in Mt. Vernon jail for some time, charged with obtaining a number of horses, mules, etc., under false pretense, began bleeding profusely at the nose yesterday morning and it was several hours before it could be stopped. Jail life seems to be getting the better of him, and that he might have more desirable quarters, he has requested that he be sent to London or Stanford, to await the action of the Grand Jury which meets the first Monday in January.

The week before the election just about the time we had three, fourths of our issue for that week printed, our press broke and it was impossible to finish, and as the result the papers going to a few post offices were left off, and some of those offices happened to be in Laurel county. A letter received Wednesday broke the news to us that in our effort to elect Nat B. Sewell Representative over C. R. Luker that we intentionally left over certain lists. Such a statement is too silly to be even recognized, regardless of the fact that the strongest article in Mr. Sewell's behalf, which appeared at any time during the campaign, appeared in that issue and if either of the gentlemen were injured in their fight by reason of a few people in Laurel failing to get that issue, it was Mr. Sewell and not Mr. Luker. Such statements are not worthy consideration and we make this statement solely for the reason that we want those of our subscribers who failed to get their papers to know the reason.

The first open meeting of the Woman's Club held at the home of Miss Mat Williams, proved a most delightful affair. The program consisting of music by Mr. Victor C. Tate and Misses Grissom and Lovell, followed by a talk by Miss Rowley of her recent trip abroad, added much to the enjoyment of the evening. During the social period which followed delicious refreshments were served.

Honor Roll Of Boone Way

BOONE WAY FUND. Citizens of sixteen live and pushing cities and towns, outside of, and in addition to, Rockcastle county points have contributed to printing and postage fund, from January 25th to November 5th 1913, as follows:
Barbourville 22.00
Burnside 1.00
Crab Orchard 41.85
Coyington 5.00
Chicago, Ills. 1.00
Indianapolis Ind. 1.00
London 4.00
Louisville 38.50
Oakley 2.50
Pineville 5.00
Shelbyville 1.00
Somerset 2.50
Stanford 3.00
Tellico Plains, Tenn. 1.00
Wasiota 5.00
Winchester \$1.00
Most of this fund has been used in printing and disseminating in-

formation on Boone Way (the proposed national highway) and postage thereon, in getting our people along the proposed route of Boone Way interested and calling to the notice and securing the co-operation of Senators, Representatives, Governors and prominent people who can render help to needed legislation when the matter reaches its final stages in Congress. A reconnaissance survey of the route, was made in June by a highway engineer from Agricultural Department, Washington, D. C. His report of estimated cost of construction for 98 miles from Crab Orchard to Cumberland Gap was placed at \$1,025,000. Senator Bradley has introduced a bill for an appropriation to place a corps of engineers on the line to get a more practical estimate. It is expected that the bill will be reported back from committee at an early date.

Those interested in this great undertaking we request to contribute something to the postage and printing fund of the cause.

A neat certificate signed by president and secretary of Boone Way Booster Band and a red, white and blue "Boone Way Booster" button badge will be given to each contributor and their names published in our local paper, showing who are boosters in the great undertaking. Any amount from 25 cents up will be gladly received and used to push the movement. Be a Booster. Address James Maret, Secretary Commercial Club, Mt. Vernon, Ky.

TOURISTS TO AMERICA

Good Roads Would Draw Crowds from Europe, Says Samuel Hill.

(New York Sun.) Samuel Hill, who is known as the "father of good roads in America," has returned to New York from his annual inspection trip of European roads.

Mr. Hill said that as many tourists as go to Europe each summer would come to this country from Europe if we had roads here fit for their motor cars.

He is convinced that there is no reason why this country should not surpass England in road building. As our roads are now, said Mr. Hill, they are the worst of any civilized country in the world.

This summer's trip abroad was Mr. Hill's thirty-eighth survey of the roads of Europe. He went as President of the American Road Builders Association.

"If we could ever turn the golden tide of American travel toward our own shores it would immediately be followed by European travel to this country," said Mr. Hill. "All that we lack is highways to make the United States and Canada the Mecca of the world's tourists. We have the scenery and the best railroads, but we have the poorest highways."

"The road question is the most important one before the American people to-day. Our Government has been singularly backward, and experimentation has had to be made by private individuals in the several States and communities."

There is a unanimous sentiment favoring Boone Way. Are you not willing to donate a dime and secure a Boone Way Booster button badge? All the stores in Mt. Vernon have them on sale. Get one and show your patriotism and go-ahead-iveness. These badges will be placed on sale at all towns along the route from Cumberland Gap to Crab Orchard. Ten cents each or 11 cents by mail. Address secretary Commercial Club, Mt. Vernon, Ky.

THE HOME OF GOOD CLOTHES

Dr. G. H. Albright, of Barbourville, in writing the secretary of B. W. B. B. at this place says: "I received the 18 Boone Way buttons last night and I raised the price from 10 cents to \$1.00 and went on the streets today and sold them to the enclosed list of names at the latter price. Please send certificates."

We will have a meeting tomorrow, Thursday night, and I will hand in to the chairman the literature you sent on the important Boone Way movement. I will give you names of officers elected."

It is moved that Dr. Albright be hereby dubbed Chief Booster for Knox county. He is certainly a hustler. A list of Barbourville contributors will be given in next issue of Signal.

Every member of the Commercial Club requested to be on hand next Tuesday night, important business, matters in which we are all interested. Don't forget next Tuesday evening.

MINE EXPLOSION

MATCH THROWN INTO POWDER. IT IS SAID, WAS THE CAUSE—THIRTY MINERS PERISH.

Rescued Men Describe a Wild, But Valiant Fight to Reach a Supposedly Clear Way to Liberty.

Western Newspaper Union News Service Acton, Ala.—Fifty men were entombed by an explosion in Mine No. 2 of the Alabama Fuel and Iron Co. at least 30 are dead. Three men have been rescued. They tell of a desperate struggle waged far underground immediately after the explosion. Believing that a clear way to liberty was located at an end of a long passage, many men rushed toward it, but it was blocked. "Men fought like wild men," said one of the survivors. "I saw several men trampled to death. The explosion was due to carelessness on the part of a miner, who accidentally threw a lighted match into a can of powder. The explosion of the powder started a series of explosions."

The normal quota of employees is 70 men, but the day before was pay day at this mine and some did not report for work. The first rescue parties who entered the mine, searching for any who might be alive, reported that they had passed many bodies. These had not been brought out.

"JIM CROW" LAW UPHELD.

Louisville, Ky.—The "separate coach" law, better known as the "Jim Crow" law, was upheld by a jury in the Circuit Court when two men were awarded damages of \$2,950 against the Chesapeake and Ohio Railroad Co. James Malone and John McCarty made allegations that the railroad violated the law. They said that on November 20, 1912, they boarded a C. and O. train at Huntington, W. Va., en route to Louisville, and were locked in a coach which, they alleged, was occupied by drunken and boisterous negroes. Each claimed damages. Similar cases are pending.

QUAIL AND RABBITS IN SUITCASE

Seymour, Ind.—Albert E. Casey, a Covington, Ky., was arrested here by a deputy game warden when he purchased a ticket for Cincinnati. He was arraigned before a Justice, charged with hunting without a license. He pleaded guilty and paid a fine and costs amounting to \$38.50. Casey had a suspicious-looking suitcase that the game warden found was filled with quail and rabbits.

REMINERS OF PREHISTORIC DAY

The famous Curtis collection of archaeological specimens, gathered from the Fox farm, in Mason County, has been presented to the Kentucky Historical Society. There are 2,000 of these specimens comprising pitchers, vases, articles of pottery and many things which are not known to the use of mankind to-day. They were taken from the graveyard of a prehistoric race, which inhabited Central Kentucky and the Ohio River Valley thousands of years before the mound builders came on the scene of action, and it is supposed that owing to the fertility of the soil in the vicinity of the Fox farm and because it lay between Maysville and Blue Lick Springs, where the buffalo and other wild animals of this continent went to lick the salt rock, there was an immense city of these prehistoric people. Many of the skeletons of these people were taken from their graves in a fair state of preservation and carried to the Smithsonian Institute, as were also many of the specimens. W. J. Curtis of Robertson, a wealthy farmer, became interested and began to make the collection for the archaeological institutes of New York and Columbus, but when he learned that the Historical Society had fireproof rooms in the new capitol, he decided that the specimens he had collected should not be taken from the state, and presented them to the society. They will be shipped to Frankfort as soon as the society can secure the cases to hold them.

KENTUCKY EQUAL RIGHTS ASS'N MEETS IN LOUISVILLE THIS WEEK

Meeting Will Be a Brilliant One—Mrs. Desha Breckinridge, the President, Will Preside—Max Eastman Will Be the Speaker at the First Evening Session at Masonic Theater

Mrs. Desha Breckinridge, wife of the editor of the Lexington Herald, is serving her first term as president of the Kentucky Equal Rights Association. She will preside at the annual meeting to be held in Louisville November 20 to 22 inclusive.

Louisville, Ky.—(Special)—The annual meeting of the Kentucky Equal Rights Association bids fair to be a brilliant one. Max Eastman, the distinguished writer and lecturer, speaks the first night, Thursday, November 20, at the Masonic Theater on "The Importance of Woman Suffrage." He is said to be the most convincing man speaker in the country on the subject. Miss Harriet Vittum, head resident of Northwestern University Settlement, Chicago, will be the principal speaker the second night, at the Seelbach Auditorium. She will tell of the Illinois victory and how the women are using the vote. The Illinois women now have the presidential suffrage, the municipal suffrage, in fact the vote on everything but on those offices mentioned in the state constitution. It will take a constitutional amendment to give them this. The more important suffrage was conferred on them by simple act of the legislature. The Illinois women are already doing big civic work, and are carrying on a remarkable campaign to educate all the women to the duties of their new citizenship. Miss Vittum will tell of these things. She is president of the City Club of Chicago, an organization that has a power in municipal affairs even before women had the vote.

Mrs. Lida Calvert Obenchain, of Bowling Green, author of "Aunt Jane of Kentucky," a volume of stories that has proven not only a best seller, but such a fine suffrage treatise that it is to be found in the libraries of all suffrage headquarters will tell one of the "Aunt Jane" stories. How the Louisville women helped to win the hundred thousand dollar bond issue for the schools of that city at the last election will be recounted.

Miss Laura Clay and Mrs. Desha Breckinridge will make addresses at the closing meeting Saturday evening. Morning and afternoon meetings at which reports of interesting work done during the year will be made, are also to be held at the Seelbach Auditorium. The Seelbach will be the headquarters.

All meetings are open to the public. Admission to the Eastman meeting only is by invitation. It is hoped there will be many visitors from the state, both men and women. It is a good chance to find out what this woman suffrage business is all about.
